Service Description

The Social Welfare Department commissioned three non-governmental organisations to set up three outreaching teams for ethnic minorities (OTEM) on mainly Hong Kong Island, in Kowloon and the New Territories to proactively reach out to ethnic minorities and connect those in need with mainstream welfare services. The outreaching team acts as a gateway to mainstream welfare services for ethnic minorities (EMs) to early identify the needy EMs for early intervention through the provision of a package of services.

Objectives

- To reach out to EMs and connect the needy ones with mainstream welfare services
- To provide services to forestall occurrence of family problems, enhance the problem solving capacity, family relationship and support network of EM service users for early integration into the local community
- To cultivate better understanding between EMs and local residents in pursuit of social inclusion and racial harmony
