

## **Accreditation System in respect of Intercountry Adoption in the Hong Kong Special Administrative Region**

This document sets out the principles, criteria, requirements and monitoring of an accreditation system in respect of intercountry adoption in the Hong Kong Special Administrative Region (HKSAR)<sup>1</sup>.

### **Part I – Background**

2. Adoption is a legal process whereby parental rights and responsibilities over a particular child, who is under 18 years old and unmarried, are transferred from the birth parents to the adoptive parents. An adoption in the HKSAR must be effected in accordance with the Adoption Ordinance, Cap 290. The best interests of the child are of paramount importance in the adoption process.

3. Under the adoption programme in the HKSAR, priority is given to placing children to families of the same cultural or ethnic background so as to minimize the cultural changes and the child's adjustment problems. This order of priority is also recognized under the Convention on Protection of Children and Cooperation in respect of Intercountry Adoption done at the Hague on 29 May 1993 (the Hague Convention) (**Annex 1**). Based on this principle, intercountry adoption should only be arranged for children who are in need of a permanent adoption placement but where no suitable local homes are available for them. The children involved are usually wards of Director of Social Welfare (DSW wards) with special needs, such as older in age, with handicaps, health problems or hard family background. Besides, there are also a small number of cases involving the adoption of local children by their relatives living overseas. At present, the adoption of the DSW wards by overseas applicants is arranged by the Adoption Unit of the SWD with the assistance of accredited bodies listed in the website of the Social Welfare Department<sup>2</sup> through their connections with

overseas adoption agencies.

4. As for the adoption of a child resident abroad by adopters resident in the HKSAR, ISS-HK has operated programmes to assist local families, mostly expatriate families, to adopt children from places outside the HKSAR on a self-financing basis<sup>3</sup>. Local residents who wish to adopt children from these countries shall meet the adoption requirements of the HKSAR as well as those of the place where the child resides.

## **Part II – The Hague Convention**

5. The Hague Conference on Private International Law (the Hague Conference) is an intergovernmental organization working for the progressive unification of the rules of private international law. The Hague Convention, which was drawn up by the Hague Conference, was adopted in the Hague on 29 May 1993.

6. The objectives of the Hague Convention are to establish safeguards to ensure that intercountry adoption is made in the best interests of the child and with respect for his or her fundamental rights; to establish a system of cooperation amongst Contracting States to ensure that those safeguards are respected and thereby preventing the abduction of, sale of, or traffic in children; and to secure the recognition in Contracting States of adoptions made in accordance with its provisions.

### **Scope of Application**

7. The Hague Convention contains 48 Articles which set out its objectives and scope, the requirements/procedures and the responsibilities of Contracting States for intercountry adoption, and provide for the accreditation of adoption agencies and the recognition by Contracting States of intercountry adoption made in accordance with its provisions. Under the Hague Convention, adoption arrangements should mainly be processed between the Central Authorities (CAs) of the State of origin<sup>4</sup> and the receiving State<sup>5</sup>. Where a country (e.g. China) has different territorial units with different legal systems (e.g. the HKSAR), the term “State” also refers to such territorial unit to which the Hague Convention

---

<sup>3</sup> ISS-HK has operated intercountry adoption programmes (where the HKSAR is the receiving State) with the Republic of India, the Kingdom of Thailand and Russian Federation. Each country has different criteria and requirements for documents and procedures.

<sup>4</sup> It refers to the Contracting State where the adoptee habitually resides.

<sup>5</sup> It refers to the Contracting State where the adopter habitually resides.

applies. Nevertheless, according to international law principles and as stated in Article 38 of the Hague Convention, the Convention does not apply to adoptions between different territorial units of the same State<sup>6</sup>, e.g. adoptions between the HKSAR, the Mainland and the Macao SAR.

8. Intercountry adoption is complicated by the fact that different jurisdictions have different laws and requirements. The procedures are also different, depending on the law of the State of origin and that of the receiving State and whether or not the States concerned have implemented the Hague Convention. For easy reference, the intercountry adoptions processed by Contracting States in accordance with the provisions of the Hague Convention are referred to as “Convention adoptions” in this paper. On the other hand, intercountry adoptions processed with countries which have not yet become parties to the Hague Convention, such as Singapore, are referred to as “non-Convention adoptions”.

### **Central Authority and the Court**

9. The Hague Convention requires each Contracting State to designate a Central Authority (CA) which is the key authority for discharging the duties that are imposed by the Convention. In short, the CA is required to take all appropriate measures to protect children placed or to be placed for intercountry adoption; to co-operate with authorities in other Contracting States to facilitate and expedite adoptions; and to achieve the objectives of the Hague Convention, etc. Besides, CAs should also, directly or through other bodies, promote adoption counselling, provide information to authorities in other Contracting States and take measures to prevent improper financial gain in connection with adoptions. With the implementation of the Hague Convention in the HKSAR, the DSW is designated as the CA for the HKSAR, in view of the administrative and operational nature of the various functions required of a CA under the Convention. As to the authority having power to grant adoption orders, the High Court is empowered to hear Convention adoption applications and to grant Convention adoption orders.

### **Accreditation system**

10. Under the Hague Convention, the CA is permitted to delegate some of its functions to NGOs duly accredited under the Convention. In this regard, an accreditation system is put in place to allow NGOs duly accredited by the DSW

---

<sup>6</sup> Article 38 of the Hague Convention provides that a State within which different territorial units have their own rules of law in respect of adoption shall not be bound to apply the Convention to adoptions where a State with a unified system of law would not be bound to do so.

to perform certain functions and procedural duties in relation to intercountry adoption, including assessment of the suitability of the applicants as prospective adoptive parents as well as making arrangements for adoption placements and monitoring such placements.

### **The Situation in the HKSAR**

11. The Central People's Government (CPG) ratified the Hague Convention on 16 September 2005. The Convention entered into force for the People's Republic of China on 1 January 2006, and took effect in the HKSAR on the same date. To give effect in HKSAR to the Convention and to improve certain local adoption arrangements, the Adoption (Amendment) Ordinance was enacted in July 2004. The principal Ordinance together with the subsidiary legislation has commenced operation on 25 January 2006. It provides a statutory framework not only for handling both local adoption and Convention adoptions, but also for handling intercountry adoptions which are not processed under the Hague Convention.

12. As mentioned in paragraphs 9 and 10 above, upon commencement of the amended legislation, the DSW is appointed as the CA in the HKSAR, while an accreditation system is put in place to allow NGOs duly accredited to perform duties delegated by the CA. The DSW may, in accordance with the Adoption (Amendment) Ordinance 2004 and the principles set out in Articles 10 and 11 of the Convention, accredit, or renew the accreditation of, a body or persons as an accredited body in relation to Convention adoption, or non-Convention adoption. The statutory requirements in relation to the accreditation system are set out in sections 26, 26A and 26B of the Adoption (Amendment) Ordinance 2004.

13. The general division of labour between the CA and Accredited Body (AB/HKSAR) in intercountry adoption is that the CA will make the key decisions while the AB/HKSAR may be asked to take up any particular case and carry out the administrative steps. ABs/HKSAR may be entrusted with procedural tasks, including assessment on the suitability of adoption applicants (including home studies), screening the child study report prepared by the overseas CA or its delegates, liaison with the overseas CA or its delegates, arrangement for adoption placement and providing general support and counselling to adoptive families and children placed for adoption, etc.

14. The criteria for accreditation, the scope of work of ABs/HKSAR, the application procedures for accreditation, and monitoring of ABs/HKSAR are set forth below.

### **Part III – Accreditation**

15. In view of the small number of intercountry adoption cases in the HKSAR each year, an agency accredited by the DSW under the accreditation system is allowed to work on both Convention and non-Convention intercountry adoption cases<sup>7</sup>.

#### **Objectives of the Accreditation System**

16. In accordance with the spirit of the Hague Convention, the objectives of the accreditation system include:

- (a) safeguarding the service quality and professional standard of intercountry adoption practice in the HKSAR, including Convention and non-Convention intercountry adoption cases;
- (b) ensuring effective and ethical international adoption practice;
- (c) promoting the adoption chances of special needs children by making use of the expertise and overseas network of the AB/HKSAR;
- (d) enabling competent NGOs to perform the procedural functions stipulated in the Hague Convention on behalf of the CA; and
- (e) ensuring that intercountry adoptions, including Convention and non-Convention adoptions, are only arranged according to the amended Adoption Ordinance and the relevant provisions of the Hague Convention.

#### **Criteria for Accreditation**

17. An agency seeking accreditation by DSW in the HKSAR shall meet the following objectives/requirements, irrespective of whether it intends to handle Convention, non-Convention adoptions, or both:

- (a) the agency pursues only non-profit-making objectives and has sound financial condition to enable it to take on intercountry adoption work;
- (b) the agency has specialized experience in providing child welfare services;

---

<sup>7</sup> The term “intercountry adoption” does not include adoption between the HKSAR and other parts of China. Hence, the adoption cases handled by an AB/HKSAR under the accreditation system will not cover those made between the HKSAR, the Macau SAR and other parts of China.

- (c) the agency has a clearly-delineated organization structure, resources to make adoption arrangement for children, and a written policy and working procedures governing the work of the agency;
- (d) there is or will be a designated section in the agency directed by persons with appropriate qualifications and staffed by registered social workers<sup>8</sup> to undertake home assessment and placement tasks for the purpose of intercountry adoption;
- (e) there is or will be a committee/board set up by the management of the agency to monitor the adoption work of the agency;
- (f) there is a good track record of the agency in providing adoption or other child welfare services and clear documentation on such services; e.g. for agency currently providing adoption services, reference will be made to the number of children adopted through the agency's programme, types of special needs children placed for adoption, and length of adoption processing time by the agency in the HKSAR etc.;
- (g) there is no record of conviction against the agency for offences against children;
- (h) the agency places or undertakes to place the child's interests as the paramount consideration in its intercountry adoption work;
- (i) the agency complies with the laws of the HKSAR (particularly the Adoption Ordinance if previous adoption arrangements have been made) and will follow the principles laid down in the Hague Convention, as applicable, in respect of intercountry adoption work carried out by the agency;
- (j) for an agency seeking accreditation for non-Convention adoption, it has an established overseas network (or has a concrete plan to develop such a network) of government bodies and/or licensed/accredited adoption bodies in the arrangement of adoption; and
- (k) there is or will be a mechanism in place to handle complaints arising from the adoption service provided by the agency.

### **Scope of Work of the Accredited Body in the HKSAR**

---

<sup>8</sup> A registered social worker refers to a social worker who has registered in the Social Workers Registration Board, the HKSAR under the Social Workers Registration Ordinance (Cap. 505).

18. An agency accredited by the DSW under the accreditation system is approved to work on both Convention and non-Convention intercountry adoption cases. Hence, the agency applying for accreditation may continue working with the specific countries it currently having intercountry adoption programmes, if any<sup>9</sup>. However, since the Hague Convention provides for the possibility of Convention adoptions among all Contracting states, ABs/HKSAR are encouraged to extend their existing networks of adoption service through establishing formal working relationships with the relevant authorities of other Contracting States as necessary. While the DSW would, upon accreditation, agree with the AB/HKSAR on a list of countries for making adoptions, this list can be changed after agreement by the DSW during the accreditation period as an AB/HKSAR may be developing its network with other new countries.

19. The AB/HKSAR may, in consultation with the DSW, initiate inquiries with or receive inquiries from the CA of a Contracting State to explore the likelihood of an intercountry adoption arrangement between a Contracting State and the HKSAR, and decide whether intercountry adoption arrangement will take place after having examined whether the requirements of the Hague Convention and the Adoption Ordinance are satisfied. Regarding non-Convention adoption, the AB/HKSAR, before entering into partnership or cooperation with a new State, should obtain the prior approval of the DSW, which may impose additional requirements or supervisory control on the AB/HKSAR for working on intercountry adoption cases between the HKSAR and these countries.

20. An agency duly accredited in the HKSAR will be delegated with procedural duties relating to Convention and non-Convention adoptions, including the arrangement of overseas adoptive homes for children who cannot be placed locally, and providing services to local families<sup>10</sup> who wish to adopt children from places outside the HKSAR. The AB/HKSAR will be involved in the following duties in Convention adoption cases:

Where the HKSAR is either the State of origin or the receiving State

- (a) ensuring all essential aspects on the child as well as the prospective

---

<sup>9</sup> Subject to the international network of each AB/HKSAR, countries currently having intercountry adoption programmes with HKSAR children (i.e. HKSAR as the State of origin) include Contracting States (Commonwealth of Australia, Canada, Germany, the United Kingdom of Great Britain and Northern Ireland, New Zealand, the United States of America and the Kingdom of Sweden) and non-Contracting State (Singapore). As for intercountry adoption programmes where HKSAR is the receiving State, the countries include Contracting States (the Republic of India and the Kingdom of Thailand) and non-Contracting State (Russia Federation).

<sup>10</sup> To safeguard the best interests of children, any person habitual resident in the HKSAR who wishes to apply for local adoption or adoption children abroad, is subject to a suitability assessment in accordance with Sections 27 to 29 of the Adoption Ordinance.

adoptive families have been duly assessed;

- (b) ensuring all essential documents have been forwarded for consideration by the DSW and the overseas CA/AB/public authority on the adoption arrangement;
- (c) arranging for the preparation and submission of progress reports on a child placed for intercountry adoption;
- (d) making alternative temporary placement arrangements for the child in case the proposed adoption placement fails and as a last resort arrange for the child's return to the State of origin; and
- (e) possibly performing the functions of a guardian ad litem (for non-DSW wards, i.e. children whose parents give specific consent to their adoption), including attendance before court, if the adoption order is to be granted in the HKSAR<sup>11</sup>

Where the HKSAR is the State of origin

- (a) preparing child study report for the purpose of intercountry adoption;
- (b) forwarding the child study report to overseas CA/AB/public authority;
- (c) screening the home assessment report on the prospective adoptive parents prepared by the overseas CA/AB/public authority; and
- (d) escorting the child to the overseas country of the prospective adoptive parents when required.

Where the HKSAR is the receiving State

- (a) preparing home study report for the purpose of intercountry adoption;
- (b) forwarding the home study report to overseas CA/AB/public authority;
- (c) screening the child study report prepared by the overseas CA/AB/public authority; and
- (d) liaising with the Immigration Department to confirm permission for the

child to enter and stay in the HKSAR for the purpose of adoption

21. A detailed description of duties and procedural requirements that may be delegated to ABs/HKSAR in the HKSAR under the Hague Convention is at **Annex 2**. To safeguard the service quality and professional practice of intercountry adoption in the HKSAR, the same service standard will be applied to non-Convention adoption as well. For non-Convention adoption cases, ABs/HKSAR also need to fulfill the requirements mentioned in paragraph 18 to 19 and perform the same duties mentioned in paragraph 20, though the DSW would no longer be the CA and there would not be an overseas CA/AB/public authority. The ABs/HKSAR are expected to use their own overseas network of adoption agencies

22. While a number of the procedural functions will be delegated to ABs/HKSAR, the DSW continues to take up the responsibility of liaising with the Police for administering the requirement of criminal record check on prospective adopters and approving the suitability of prospective adopters, where the HKSAR is the receiving State. The DSW will also be responsible for approving the decisions on the child's placement/termination of placement in a prospective adoptive home; applying to the Court for an Order for a child's removal from the HKSAR for placement/adoption outside the HKSAR; acting as the guardian ad litem for DSW wards, i.e. children whose parents give general consent to their adoption or who are declared to be free for adoption by an order under Section 5A of the Adoption Ordinance, in case the adoption application is to be proceeded in the HKSAR; and providing necessary information to the Immigration Department to facilitate the registration of the child's adoption order granted overseas onto the Adopted Children Register in the HKSAR.

### **Root-tracing**

23. For root-tracing request in relation to an adopted person who had been arranged for intercountry adoption by the DSW and an AB/HKSAR, the AB/HKSAR concerned will also be involved in root-tracing service though this is not stipulated in the legislation. In handling such requests, the AB/HKSAR may release the birth information to the adopted person (subject to a veto-mechanism) and render counselling to the adopted person as appropriate.

## **Part IV – Application and Approval Procedures**

### **Application for Accreditation**

24. Application for an accreditation certificate or application for its renewal must be made to the DSW in a specified application form and accompanied by such information as the DSW may require. These include

information about the agency's organization, background, services provided, experience in intercountry adoption, overseas network and connections, financial status, track record, etc. A copy of the Accreditation Application / Renewal Application in respect of Intercountry Adoption is at **Annex 3**. Applicants wishing to provide intercountry adoption service (including both Convention and non-Convention adoptions) should spell out clearly the reasons, their established overseas network (particularly for non-Convention adoptions) and the details of the proposed programme for the DSW's consideration. In addition, Applicants should submit 2 identical copies of the information required in a 2-ring folder, and all documents should be properly indexed as set out in Annex 3-1. For those applicants failing to provide the required documents/ information, normally within 3 months starting from its initial application date, the application may be considered as lapsed and the applicant may be required to re-submit the full set of updated documents as a fresh application.

### **Accreditation Assessment**

25 Upon receiving the Application Form and relevant documents/records from the applicant, accreditation assessment will be conducted by the DSW based on the criteria set out in paragraph 17. The DSW may require an applicant to provide such further information in connection with the application as he/she deems necessary.

26. The assessment may include the following activities:

- (a) review of programme records and case records;
- (b) review of administrative records;
- (c) programme implementation site visit; and
- (d) actual observation on the operation of the programme.

If no adoption services have been provided before, the DSW would exercise discretion to see what other relevant records of programmes to review or observe.

### **Notification of Assessment Result**

27. Subject to satisfactory result of assessment on the applicant's capabilities, ethics and performance, if any, in intercountry adoption work or related areas, the DSW may accredit, or renew the accreditation of the applicant as an AB/HKSAR in relation to Convention adoption and/or non-Convention adoption.

28. The successful applicant will be issued an accreditation certificate in a

specified format which will specify the functions and duties that have been delegated to the applicant in relation to Convention and non-Convention intercountry adoptions. The DSW may also impose such conditions of accreditation as he/she considers appropriate. The accreditation certificate must be displayed in a conspicuous place in the applicant's office where the intercountry adoption services programme is operated. Unsuccessful applicants will not be allowed to provide intercountry adoption service.

### **Validity Period**

29. According to Section 26 of the Adoption Ordinance, an accreditation, unless revoked or suspended, shall be valid for 4 years. The accreditation may be revoked or suspended by the DSW at any time if the AB/HKSAR is found to have acted against or has failed to protect the best interests of the child in the arrangement of intercountry adoption, or in the following circumstances:

- (a) the agency has failed to meet the accreditation criteria as specified in paragraph 17 and/or the conditions of accreditation stated in the accreditation certificate;
- (b) the AB/HKSAR has failed to fulfill any of the duties, requirements or conditions set out in this document or otherwise imposed by the DSW from time to time, including but not limiting to the duties set out in paragraphs 20 and 21 above in processing intercountry adoption cases and obligations set out in paragraphs 34 to 37 below;
- (c) the AB/HKSAR has failed to comply with the code of conduct for ABs/HKSAR;
- (d) the AB/HKSAR has encountered financial problem, which may adversely affect its normal operation; or
- (e) the AB/HKSAR has ceased to provide intercountry adoption service.

30. For applicants not providing intercountry adoption service at the time of application but wishing to commence such service in the near future, the DSW reserves the right, where it is decided to give accreditation, to shorten the accreditation period. During the accreditation period, the DSW will assess the performance of the applicant concerned to see if accreditation certificate is to be renewed. The applicant, within the accreditation period, should demonstrate its ability to handle both incoming and outgoing cases, and complete successful

intercountry adoption cases<sup>12</sup> of which at least 2 should be on DSW wards. The period of accreditation can be extended by the DSW up to 48 months where it is considered appropriate.

### **Application for Renewal of Accreditation**

31. An application for renewal of accreditation shall be made to the DSW not more than 6 months and not less than 4 months prior to the expiration of the accreditation or within such period of time the DSW may in writing permit. Procedures for accreditation application in paragraphs 23 to 27 will be followed. Normally, the renewed accreditation certificate, if granted, shall have effect on the day following the day upon which the original accreditation expires.

### **Accreditation Register**

32. The DSW shall keep a register of ABs/HKSAR containing the name and address of each AB/HKSAR, the name and address of the persons registered in respect of the AB/HKSAR, and other particulars as the DSW deems fit. This register shall be available for public inspection at such reasonable time and place as the DSW may determine.

33. The register will be updated biennially, or at an earlier interval as and when required.

## **Part V – Monitoring of Accredited Bodies**

### **Obligations of Accredited Bodies in Providing Services**

34. The AB/HKSAR shall have a clearly defined adoption procedure and a systematic plan for the services it renders throughout the adoption process. It should continuously monitor and evaluate its services and service quality to ensure compliance with the requirements regarding its accreditation. Besides, the AB/HKSAR is required to comply with the following requirements:

- (a) it shall comply with the code of conduct in handling intercountry adoption cases, including Convention and non-Convention adoptions (**Annex 4**);
- (b) it shall comply with the relevant provisions of the amended Adoption Ordinance for all intercountry adoption cases and in

<sup>12</sup> Successful intercountry adoption case refers to the completion of adoption cases where a DSW ward has been placed with an overseas adoptive home with an adoption order granted; and where an overseas child has joined the adoptive home in the HKSAR with an adoption order granted.

particular the relevant Articles of the Hague Convention in processing Convention adoption cases, as well as any administrative requirement set down by the DSW;

- (c) it shall keep client records in a secure manner and maintain information necessary to plan, manage and evaluate its adoption programme properly;
- (d) it shall provide monthly statistical returns to be submitted quarterly to the DSW which include the profile of users, services rendered, programmes conducted and other information as may be required, such as the number of applications received, child study completed, etc.;
- (e) it shall undertake self-assessment (**Annex 5**) at least annually and submit the self-assessment report to the DSW to confirm if the essential system, services, records and resources are in place to ensure compliance with the requirements regarding its accreditation;
- (f) it shall submit annual audited financial reports to the DSW to ensure that there is in place an effective system of financial management and control operating within the agency;
- (g) it shall report to the DSW annually the information on those organizations and individuals with whom the AB/HKSAR has worked in that year;
- (h) it shall submit a copy of the formal complaints made and/or legal proceedings taken against the AB/HKSAR in relation to adoption and other child welfare services within 3 working days and the corresponding completed investigation reports within 3 working days,
- (i) it shall regularly update information on its adoption service that be easily accessed by public;
- (j) it shall make application to Adoption Unit of the SWD for written consent of the DSW on advertisement related to adoption services in Hong Kong;
- (k) it shall report to the DSW on any change of social worker and/or management staff designated for adoption services;

- (l) it shall display the certificate of accreditation in a conspicuous place in the adoption office and shall have clear signage of adoption office in the main entrance; and
- (m) it shall have prior approval from the DSW before the relocation of adoption office.

### **Records and Information to be Provided by the Accredited Body**

35. The AB/HKSAR shall maintain the following records which shall be made available at all reasonable times for inspection by the DSW:

- (a) records relating to adoption service, including case records<sup>13</sup> with home assessment reports, child study records and placement records;
- (b) records of staff handling adoption matters;
- (c) records on service statistics as the DSW may from time to time require;
- (d) records of complaints and legal proceedings involving the AB/HKSAR; and
- (e) financial records of the AB/HKSAR.

### **New Information Relevant to Accredited Status**

36. The DSW reserves the right to review the accredited status of an AB/HKSAR in the light of any new information which may be relevant. An AB/HKSAR must inform the DSW in writing immediately of any factor which may affect its accredited status.

### **Fees**

37. The AB/HKSAR shall operate on a self-financing and non-profit making basis, except for such activities as may be agreed with the DSW under separate agreement. While the AB/HKSAR shall pursue only non-profit-making objectives, it may charge prospective adoptive parents fees to

---

<sup>13</sup> Except for cases where applications are withdrawn or hard-to-place cases which are returned to SWD, all adoption case records shall be kept for permanent retention and on a confidential basis.

cover the administrative costs for providing the adoption service, but the level of such fees has to be reasonable, in an amount that is calculated in accordance with a schedule of fees approved by the DSW from time to time. Besides, in accordance with Article 32 of the Hague Convention, the level of salaries of directors, administrators and employees of the AB/HKSAR should not be unreasonably high in relation to the services rendered. For any changes in staff structure and level of fees, the DSW shall be informed in advance. The DSW's approval on the change of level of fees must be sought before implementation of fee revision.

### **Non-compliance by an Accredited Body**

38. Where it is found that an AB/HKSAR has not complied with any of the criteria for accreditation stated in paragraph 17, the conditions for accreditation stated in the accreditation certificate or any of the duties, requirements or conditions set out in this document or otherwise imposed by the DSW from time to time, the DSW will bring the matter to the attention of the AB/HKSAR concerned at the earliest opportunity and request the AB/HKSAR to investigate the matter and provide a report to the DSW within a given time frame with proposals for complying with the Adoption Ordinance and/or the Hague Convention, as appropriate. If necessary, the DSW may prescribe certain conditions (e.g. improving certain practices) that have to be met before the AB/HKSAR is allowed to continue operating as an AB/HKSAR.

39. If an AB/HKSAR is found not to have acted in the best interests of the child or upon the occurrence of any of the events stated in paragraph 29, the DSW may suspend the accreditation of the AB/HKSAR. The AB/HKSAR is required to investigate into the matter and provide a report to the DSW within a given time frame and recommend remedial actions to be taken to the satisfaction of the DSW. In case of serious or repeated default or non-compliance or the failure of AB/HKSAR to improve on the identified deficiencies, the DSW may revoke the accreditation of the AB/HKSAR. Prior to suspension or revocation, the DSW will bring the matter to the attention of the AB/HKSAR and provide the agency with the opportunity to make representation before a final decision is made.

40. In the case where accreditation is to be suspended or revoked, the AB/HKSAR shall immediately cease to provide adoption service in all Convention and/or non-Convention cases. The DSW will take over or arrange another AB/HKSAR to take over the ongoing adoption applications/cases of the AB/HKSAR. The DSW reserves the rights to request the AB/HKSAR to bear the cost and expenses incurred in connection with the take-over.

## **Complaints against an Accredited Body on Intercountry Adoption Services**

41. The DSW may undertake an investigation, upon receipt of information from a third party which indicates that an AB/HKSAR may not be in compliance with any of the criteria for accreditation stated in paragraph 17, the conditions for accreditation stated in the accreditation certificate or any of the duties, requirements or conditions set out in this document or otherwise imposed by the DSW from time to time. The complaint will be handled according to the complaint procedures prescribed by the DSW.

42. If the DSW determines that the complaint falls within the scope of intercountry adoption services/procedures (including Convention and non-Convention adoptions), he/she shall collect the necessary information to make a preliminary determination, and shall conduct such site-visits and/or other investigative activities as may be necessary to determine whether the AB/HKSAR remains in compliance with the conditions and requirements of accreditation.

43. If the AB/HKSAR is found not to have complied with any of the criteria for accreditation stated in paragraph 17, the conditions for accreditation stated in the accreditation certificate or any of the duties, requirements or conditions set out in this document or otherwise imposed by the DSW from time to time, paragraphs 38 to 40 will apply.

### **Appeal**

44. ABs/HKSAR aggrieved by the following decision of the DSW under the accreditation system may, within 28 days of receiving notice of the decision, lodge an appeal to the Administrative Appeals Board.

- (a) The DSW's decision to approve a new or renewal application for accreditation; and
- (b) The DSW's decision to suspend or revoke an accreditation.

The Administrative Appeals Board will hear and determine appeals against a decision in accordance with the Administrative Appeals Board Ordinance (Cap. 442).
