List of Approved System Enhancement – Information Technology (IT) Projects under Dedicated Fund (as at 28 February 2026)

專項基金下獲批的系統提升 ― 資訊科技項目名單 (截至二零二六年二月二十八日)

	Name of Organisation 機構名稱	Name of Project 項目名稱	Brief Description 項目簡介
1.	Aberdeen Kai-fong Welfare Association Social Service Centre 香港仔街坊福利社會服務中心	1. Implementation of Enterprise Resource Planning System (ERP)	This project is to develop an ERP system to enhance operational efficiency and streamline financial processes, including accounting, procurement, and budget management. Furthermore, it will provide advanced analytics and graphical reports for real-time insights, cost reduction, and informed decision-making. The system will be used by 200 staff members across 31 service units. 此項目旨在開發企業資源規劃系統，以提升運作效率，並簡化會計、採購及預算管理等財務流程。此外，系統將透過進階分析及圖形報告功能，協助員工實時洞察營運狀況、降低成本及作出明智決策。新系統將供 31 個服務單位共 200 名員工使用。
2.	Agency for Volunteer Service 義務工作發展局	2. Websites Security Upgrade and Features Enhancement Project	This project aims to address security vulnerabilities identified in the agency's two existing websites and their Operating Systems, as well as to implement enhancements in the Content Management System. The website will serve an estimate of 10 600 service users, volunteers and public. 此項目旨在為機構兩個現有網站及其操作系統解決已發現的保安漏洞，並提升其內容管理系統的功能。網站預計可供 10 600 名服務使用者、義工及公眾人士使用。

| 3. | Baptist Oi Kwan Social Service
浸信會愛羣社會服務處 | 3. Development of a Web-based Online Interactive Platform and Backend System for Visiting Medical Practitioner Service for Residential Care Homes (Private and Self-financing Homes) (VMPS) | This project will develop a centralised, web-based platform to digitise and optimise VMPS workflows, while enhancing data security and operational efficiency through system automation and access control to protect sensitive data. The system will be used by 200 VMPS staff and doctors, as well as administrative staff serving 200 Residential Care Homes with a total of around 15 000 residents.

此項目將開發一個中央網上平台，以數碼化及優化「院舍外展醫生到診服務」的工作流程，並透過系統自動化和存取控制來保護敏感數據，以加強數據安全和營運效率。系統使用者包括共 200 名「院舍外展醫生到診服務」的員工及醫生，以及服務 200 間院舍(合共約 15 000 名院友)的行政人員。 |
| | | 4. Redevelopment of Integrated Program Management System for Integrated Community Centre for Mental Wellness (ICCMW) | This project will develop a new web-based Integrated Program Management System to provide a user-friendly digital accessibility platform that facilitates service users to perform online functions, automates workflows, incorporates real-time analytics and generates automated reports to improve administrative performance. The system will be used in three centres and will be accessible to 5,000 service users, volunteers and public.

此項目將開發一套全新的網上綜合活動管理系統，提供一個簡單易用的數碼平台，方便服務使用者使用各項網上功能。系統亦具備自動化工作流程、實時數據整合分析及自動生成報告等功能，以提升行政效率。該系統將在三個中心供 5 000 名服務使用者、義工及公眾人士使用。 |

4.	Boys' and Girls' Clubs Association of Hong Kong (The) 香港小童群益會	5. CRM Enhancement	This project is to enhance the existing Customer Relationship Management (CRM) system by developing additional modules to streamline and digitise various processes including procurement process, invoice process, social service project and external funds management process. The enhanced system will be used by 450 members of staff. 此項目旨在提升現有的客戶關係管理系統，通過開發附加模組以簡化及數碼化多項流程，包括採購流程、發票流程、社會服務項目及外部資金管理流程。優化後的系統將供 450 名員工使用。
		6. POS Enhancement	This project is to enhance the existing Enrollment and Payment System (POS), streamlining the service enrollment process, reducing waiting time for clients at service unit counters and providing a consistent process across all enrollment methods. It will also facilitate system enhancements to the Customer Relationship Management (CRM) system and the "BGCA Fan" mobile App. The enhanced system will serve 73 BGCA units. 此項目旨在提升現有的報名及繳費系統，以簡化服務報名流程、縮短服務使用者在服務單位櫃檯的等候時間，以及統一所有報名流程。此項目亦有助提升客戶關係管理系統及「BGCA Fan」手機程式的系統。優化後的系統將供香港小童群益會轄下 73 個單位使用。
		7. "BGCA Fan" Mobile App Enhancement	This project is to enhance the existing "BGCA Fan" mobile App and provide a consistent process for all enrollment methods. The enhanced app will be used by 140 units and will serve 73 000 services users.

			此項目旨在提升現有的「BGCA Fan」手機程式，並為所有報名方式提供統一的報名流程。優化後的手機程式將供 140 個單位使用，涉及 73 000 名服務使用者。
5.	Caritas – Hong Kong 香港明愛	8. Youth and Community Service Membership and Case Management System ("YCS-MCMS")	This project is to implement a new YCS-MCMS to enhance system security, and improve operational efficiency. It will feature a new online web interface and comprehensive reporting to meet the stakeholders' expectations and the agency's operational needs. The system will be deployed across 14 service units, serving over 450 staff and more than 30 000 members. 此項目旨在推行全新的青少年及社區服務會員及個案管理系統，以提升系統保安及運作效率。新系統將設有全新網上介面，並可編製詳盡報告，以滿足持份者期望及機構的運作需要。新系統將供 14 個服務單位超過 450 名員工及 30 000 多名會員使用。
6.	Chinese Evangelical Zion Church Limited 中華錫安傳道會有限公司	9. Revamping of Integrated Children and Youth Services Centre (ICYSC) Registration & Service Statistics System	This project is to develop a new Registration & Service Statistics System for replacing the existing Membership System to avoid technical obsolescence, strengthen system security and increase stakeholder satisfaction. Security measures will safeguard access to restricted and personal data stored in the system. The system will be used by 35 staff members across two ICYSCs. 此項目將開發一套新的註冊與服務統計系統，以取代現有的會員管理系統，從而避免技術過時、並加強系統保安，以及提高持份者的滿意度。系統的保安措施評估將確保系統內限閱資料及個人資料的存取安全。該系統會供兩間綜合青少年服務中心共 35 名員工使用。

7.	Chinese Young Men's Christian Association of Hong Kong 香港中華基督教青年會	10. Cybersecurity Improvement Program	This project is to evaluate the information security of the agency's Information Technology (IT) infrastructure, identify potential risks and vulnerabilities, and implement mitigation measures to enhance overall IT security. Additionally, it will streamline IT management through the establishment of organisational IT policies and the identification of IT assets. The project will benefit 1 500 staff members across 51 service units, as well as service users and volunteers of the agency. 此項目旨在評估機構資訊科技基礎設施的資訊安全，識別潛在風險及漏洞，並採取緩解措施以加強整體資訊科技保安。此外，項目將制訂機構資訊科技政策及識別資訊科技資產，以簡化資訊科技管理。項目將惠及 51 個服務單位共 1 500 名員工、服務使用者及義工。
8.	Christian & Missionary Alliance Social Services Limited 基督教宣道會 社會服務處有限公司	11. Development of a new PPI (Pre-Primary Institutions) Service Management System	This project is to develop a new Pre-Primary Institutions Service Management System to streamline case handling and facilitate quick access to case information for timely intervention. Security measures will be in place to safeguard access to the data stored in the system. The project will enhance the work efficiency of the 19 staff members working in the PPI unit. 此項目旨在開發一套全新的學前單位服務管理系統，以簡化個案處理流程，並協助用戶迅速查閱個案資料以便及時介入。系統將加設保安措施評估，以確保系統內資料的存取安全。新系統將提升於學前單位工作 19 名員工的工作效率。

| 9. | Christian Family Service Centre
基督教家庭服務中心 | 12. Implementation of Enterprise Resource Planning (ERP) System | This project involves replacing the unintegrated financial and accounting systems with an integrated and web-based ERP system.   The new system will streamline the operational workflows by automating financial and accounting processes, providing inventory and procurement management, and enabling instant reporting for tracing and checking.   The system will be used by 1 500 staff members across over 100 service units.

此項目涉及以一套綜合網上企業資源規劃系統，取代尚未整合的財務及會計系統。新系統將透過自動化的財務及會計程序、庫存及採購管理，以及提供追蹤及核對的即時報告功能，簡化運作流程。新系統將供超過 100個服務單位共 1 500 名員工使用。 |
| 10. | Christian Nationals' Evangelism Commission Grace Light Neighbourhood Elderly Centre
中華傳道會恩光長者鄰舍中心 | 13. Development of iSocial Neighbourhood Elderly Centre Management System with Integrated Human Resources Module and Mobile Application | This project will develop a new Neighbourhood Elderly Centre System to streamline daily operational workflows, centralise all human resources data, and implement mobile applications to enable remote working for staff and provide service users with seamless digital access.   The system will be used at the Grace Light Neighbourhood Elderly Centre, where over 1 000 service users and volunteers will access the system for membership and activity management.

此項目將開發一套全新的長者鄰舍中心系統，旨在簡化日常營運流程及集中管理所有人力資源數據，同時引入手機應用程式，讓員工可以遙距辦公，並為服務使用者提供無縫的數碼服務體驗。該系統將於中華傳道會恩光長者鄰舍中心使用，並供其超過 1 000 名服務使用者和義工透過系統以處理會員和活動事宜。 |

11.	Chuk Lam Ming Tong Limited 竹林明堂有限公司	14. Development of Human Resources System Project ("HRS")	This project aims to develop a HRS with data-driven analytics, real-time reporting tools and self-service portals for staff, in order to optimise HR processes and enhance efficiency. The system will be used by 110 staff members. 此項目旨在開發一套人力資源系統，系統將配備數據驅動的分析功能、實時報告工具，以及員工自助服務平台，藉此優化人力資源管理流程及提高工作效率。該系統將供 110 名員工使用。
12.	Endeavourers Hong Kong (The) 香港勵志會	15. Development of a new Neighbourhood Elderly Centre (NEC) management system	This project introduces a new NEC management system to unify and centralise membership, volunteer, carer, and activity records. It will strengthen activity management while enhancing operational efficiency through streamlined human resource and case management. The system will serve 14 staff members and 1 600 service users. 此項目引入全新的長者鄰舍中心管理系統，統一及集中處理會員、義工、照顧者及活動記錄。新系統將加強活動管理，同時簡化人力資源及個案管理，以提升運作效率。新系統將服務 14 名員工及 1 600 名服務使用者。
13.	Evangelical Free Church of China - Evangel Children's Home 中國基督教播道會－播道兒童之家	16. Smart Gate Access System	This project is to develop a biometric access control system that will enhance security at the children's home and improve the accuracy of physical access identification and authentication. The system will serve 180 staff members and service users. 此項目旨在開發一套生物識別門禁系統，以加強兒童之家的保安，並改善實體出入身分識別與驗證的準確性。新系統將供 180 名員工及服務使用者使用。

14.	Evangelical Free Church of China Social Service 中國基督教播道會社會服務	17. Migration of Microsoft 365 tenant and service enhancement	This project is to migrate the existing shared Microsoft 365 accounts from the former parent organisation to the agency's own Microsoft 365 accounts, in order to obtain autonomy in setting security policies and enhance data security and protection. Additionally, fully deploying Microsoft 365 will streamline internal communications and collaboration, and strengthen central management of email and other Microsoft 365 services. Seven service units involving 80 members of staff will benefit from the migration. 此項目旨在將現有與母機構共用的微軟 365 帳戶遷移至機構本身的微軟 365 帳戶，以取得設定安全政策的自主權，並提升資料安全及保護。此外，全面運用微軟 365 將簡化內部溝通與協作流程，加強電子郵件及其他微軟 365 服務的集中管理。是次項目將惠及七個服務單位共 80 名員工。
15.	Fu Hong Society 扶康會	18. Human Resources Information System Upgrade Project	This project involves upgrading the obsolete software of the existing Human Resources Information System to improve system security and streamline operational processes, while ensuring compliance with the latest labour legislation requirements. The system will be used by over 1 100 staff members across 80 offices. 此項目將對現有人力資源資訊系統的過時軟件進行升級，以加強系統保安及簡化操作流程，同時確保機構遵從最新的勞工法例規定。該系統會供 80 個辦事處的 1 100 多名員工使用。
		19. Case Management System Enhancement Project	This project is to enhance the Case Management System by standardising and integrating service users' profiles, as well as their health and medical records. A total of 600 staff members will use the system across 70 units. 此項目旨在透過提升個案管理系統，從而標準化和整合服務使

			用者的個人資料及健康和醫療記錄。該系統將供 70 個單位，合共 600 名員工使用。
16.	Haven of Hope Christian Service 基督教靈實協會	20. Intranet Portal Upgrade	This project is to upgrade the intranet portal by implementing a new web-based system to enhance organisational collaboration, document management, and operational efficiency.　It will support over 1 500 staff across 60 service units. 此項目旨在透過一套全新的網上系統提升內聯網功能，藉此加強機構協作、文件管理及運作效率。新系統將支援 60 個服務單位，並供 1 500 多名員工使用。
17.	Heep Hong Society 協康會	21. Procurement & Budget Control System	This project involves developing a web-based system to streamline operational procedures relating to procurement, payment approval, vendor and asset records, petty cash records, and budget planning.　The new system will also facilitate data interfacing with the agency's Enterprise Resource Planning (ERP) and Customer Relationship Management (CRM) systems.　It will be used by 1 400 staff members across over 70 service units. 此項目將開發一套網上系統，以簡化與採購、付款審批、供應商及資產記錄、零用現金記錄和預算規劃相關的操作流程。新系統亦有助與機構的企業資源策劃系統和客戶關係管理系統進行數據連繫。超過 70 個服務單位的 1 400 名員工將使用該系統。
18.	Helping Hand 伸手助人協會	22. Radio-frequency Identification (RFID) Inventory System	This project is to develop a client-server-based inventory system to replace the existing manual system.　It will improve inventory workflow, administration procedures and internal compliance control.　The system will be implemented across 10 service units, involving 20 staff members.

			此項目旨在開發一套基於客戶端伺服器架構的庫存管理系統，以取代現有的人手操作模式。該系統將優化庫存工作流程、行政程序及內部合規管控。新系統將供 10 個服務單位使用，涉及 20 名員工。
19.	Hong Chi Association 匡智會	23. Implementation of New Human Resources Management Information System for Replacing current HR2 and e-Leave system	This project is to develop a new Human Resource Management Information System (HRMIS) that will enhance work efficiency by automating and streamlining operational procedures, as well as improving system performance and security.　Security measures will be in place to safeguard access to the data stored in the system.　The new system will be used by 91 service units, including 1 700 current members of staff. 此項目旨在開發一套全新的人力資源管理資訊系統，通過自動化和簡化操作流程，提升工作效率、改善系統性能及加強保安。系統將加設保安措施評估，以確保系統內資料的存取安全。新系統將供 91 個服務單位使用，涉及 1 700 名現職員工。
		24. Re-development of Finance System	This project involves implementing a new Finance System with a user-friendly interface and automating key financial processes to enhance operational efficiency and effectiveness, while developing comprehensive reporting and data analysis tools to facilitate strategic planning.　The system will be deployed across 90 service units. 此項目將開發一套全新的財務系統，通過簡單易用的介面和自動化的關鍵財務流程，提升運作效率和效能，同時開發全面的報告及數據分析工具，以促進策略規劃。該系統將供 90 個服務單位使用。

20.	Hong Kong Children and Youth Services 香港青少年服務處	25. Development of a new Service Management System for Integrated Children and Youth Services Centre (ICYSC)	This project is to implement a new Service Management System for ICYSC. This system will distinguish and manage various membership types, digitise and centralise workflows, and enable online programme enrollment and payment.　It will be used across six units and will benefit 30 000 service users. 此項目旨在為綜合青少年服務中心開發一套全新的服務管理系統。該系統能區分和管理不同的會員類別、數碼化和集中管理工作流程，以及支援線上活動報名和繳費。該系統將供六個單位使用，惠及 30 000 名服務使用者。
21.	Hong Kong Christian Mutual Improvement Society 香港基督教培道聯愛會	26. System Enhancement of Human Resource Management (HRM) System and Inventory System	This project is to develop a staff training module within the existing HRM System for recording training activities, as well as to develop an inventory module within the existing Neighbourhood Elderly Centre system for registering, tracking and managing materials and physical assets at the centres. The system will be implemented across four units, involving 29 staff members. 此項目旨在為現有的人力資源管理系統添加員工培訓模組，用於記錄培訓活動；同時為現有的長者鄰舍中心系統開發庫存管理模組，用於登記、追蹤及管理中心的物資及實物資產。新系統將供四個單位使用，涉及 29名員工。
22.	Hong Kong Christian Service 香港基督教服務處	27. Revamping of Financial Management System	This project includes the implementation of a new financial management system to replace the existing Oracle E-Business Suite Finance System, and the development of business intelligence tools and comprehensive reports to meet the latest business needs and facilitate strategic planning for the agency's growth.　The financial system will be used by the accounting staff and senior management across 16 units. 此項目包括開發一套新的財務管理系統以取代現有的 Oracle 電

			子商務套件財務系統，以及建立商業智能工具及綜合報表功能，以滿足最新的業務需求及推動策略規劃，從而促進機構發展。新系統會供 16 個單位的會計人員及高級管理人員使用。
23.	Hong Kong Down Syndrome Association (The) 香港唐氏綜合症協會	28. Enhancement of the existing Membership, Case and Event Management System	This project is to enhance the existing features of the Membership, Case and Event Management System and implement a mobile application to facilitate programme enrollment and attendance recording for service users. The system will cover the agency's five centres, benefiting over 1 000 service users.

此項目旨在提升現有會員、個案和活動管理系統的功能，並推出手機應用程式，以方便服務使用者報名參加活動和記錄出席情況。該系統將涵蓋機構轄下五個中心，惠及超過 1 000 名服務使用者。 |
| 24. | Hong Kong Federation of Youth Groups (The) 香港青年協會 | 29. Human Resource (HR) and Talent Management System | The project is to implement an integrated system to replace the current eRecruitment Portal, HR Management System and Staff e-Learning System. The new system will automate the recruitment processes, streamline the workflows in HR and training operations.   The project will also establish a talent management system to improve talent planning and management.   The system will be deployed across over 90 service units, serving about 1 600 staff members.

此項目旨在推行一套綜合系統，以取代現有的電子招聘平台、人力資源管理系統及員工電子學習系統。新系統將招聘流程自動化，同時簡化人力資源及培訓運作的工作流程。項目亦將建立人才管理系統，以改善人才規劃及管理。新系統將供超過 90 個服務單位約 1 600 名員工使用。 |

| 25. | Hong Kong Red Cross 香港紅十字會 | 30. New Finance System | This project develops a new finance system for replacing the existing system to avoid technical obsolescence and to strengthen system security.   The core finance module will mainly be used by the finance management team, while the procurement module will be used by all 16 service units within the agency.

此項目將開發一套新的財務系統以取代現有系統，從而避免技術過時，並加強系統保安。核心財務模組主要由財務管理團隊使用，而採購模組則供機構轄下全部 16 個服務單位使用。 |
| 26. | Hong Kong Sheng Kung Hui St. Simon's Social Services 香港聖公會 聖西門社會服務處 | 31. Re-development of Nursery School Website and Content Management System | This project is to replace the existing outdated and insecure system with modern, secure, and user-friendly websites and Content Management System . This new platform will leverage up-to-date web technologies to deliver an enhanced user experience with faster loading time, responsive design, and improved accessibility for parents and educators.   The new websites of the three nurseries will also be effective, secure, and compliant with regulations while continuing to serve as an up-to-date communication platform for the nursery school community.   It is expected that 800 public users will visit the websites.

此項目旨在以現代化且安全易用的網站及內容管理系統，取代現有已過時且不安全的舊系統。新平台將採用最先進的網頁技術，以更快的加載速度、響應式設計和經優化的無障礙瀏覽功能，為家長和教育工作者提供更優質的用戶體驗。機構轄下三所幼兒學校的新網站將更有效、安全且符合法例要求，並持續作為幼兒學校最新的溝通平台。預計將有 800 名公眾用戶瀏覽這些網站。 |

		32. Development of eAdmission System	This project involves the development of a convenient online application system that enables parents to submit and track the status of their children's applications for the three nurseries via a web-based platform, while the staff will also be able to schedule and record interviews using online tools. Security measures will be implemented to safeguard access to personal data. The system will benefit at least 800 public users and kindergarten staff. 此項目旨在開發一套網上申請系統，方便家長透過網上平台向三所幼兒學校提交子女入學申請及追蹤申請狀態，同時員工也可利用線上工具安排和記錄面試。系統將加設保安措施評估，以確保個人資料的存取安全。該系統將惠及最少 800 名公眾用戶及幼稚園員工。
27.	Hong Kong Society for the Blind (The) 香港盲人輔導會	33. Financial Management System Upgrade	This project is to enhance the features and functionality of the existing financial management system, upgrade the software to ensure compatibility with the latest technologies, as well as improve system performance and stability. The upgraded system will support 17 units and 75 staff members. 此項目旨在提升現有財務管理系統的功能，更新軟件以確保系統兼容最新技術，同時提高系統的性能與穩定性。升級後的系統將供 17 個單位的 75 名員工使用。
28.	Hong Kong Society for the Deaf (The) 香港聾人福利促進會	34. Development of eWorkFlow System	The project aims to digitalise workflows so as to streamline the work processes, enhance operational efficiency, as well as to facilitate tracking and reporting management. The system will be used by 150 staff across 16 service units. 此項目旨在將工作流程數碼化，以簡化工序、提升運作效率，並便利追蹤及報告管理。新系統將供 16 個服務單位共 150 名員工使用。

29.	Hong Kong Southern District Women's Association Limited 香港南區婦女會有限公司	35. 學前兒童課託服務統計系統	This project is to develop a web-based system that will digitalise and centralise the data of service users, generate timely service usage reports and manage service fee payment of the After School Care Programme for Pre-primary Children. It will also facilitate internal service monitoring and service improvement by tracking service trends. The system will be used in two After School Care Programme for Pre-primary Children units and the head office. 此項目旨在開發一套網上系統，以數碼化及統一管理學前兒童課餘託管服務的服務使用者數據、適時生成服務使用報告，以及管理服務收費事宜。新系統亦可透過追蹤服務趨勢，促進內部服務監察及改善服務。新系統將供兩個營運學前兒童課餘託管服務的單位及總辦事處使用。
30.	i) Hong Kong Southern District Women's Association Limited 香港南區婦女會有限公司 ii) OIWA Limited 離島婦聯有限公司 **(Joint Application)** **(聯合申請)**	36. 鄰里支援幼兒照顧服務統計系統	This project aims to develop a web-based system to streamline and support the service operations of the two agencies in the Neighbourhood Support Child Care Project. The system will be used by six offices across the two agencies and will benefit over 1 000 service users. 此項目旨在開發一套網上系統，以簡化並支援兩間機構提供「鄰里支援幼兒照顧計劃」的日常營運。該系統將供兩間機構轄下六個辦事處使用，惠及超過 1 000 名服務使用者。
31.	Hong Kong Young Women's Christian Association 香港基督教女青年會	37. Security Risk Assessment and Audit (SRAA) on IT infrastructure and application	This project is to conduct a comprehensive SRAA for the existing applications and IT infrastructure so as to enhance overall security resilience and safeguard the integrity of data. This project will cover 100 service units. 此項目旨在為現有的應用程式及資訊科技基礎設施進行全面的保安風險評估及審計，以增強機構的整體網絡安全防護能力及保障數據完整。項目將涵蓋 100 個服務單位。

32.	International Church of the Foursquare Gospel Hong Kong District Limited 國際四方福音會香港教區有限公司	38. Enhancement Project for iSocial System	This project aims to upgrade the existing iSocial system with enhanced features on case, financial, human resources, as well as digital assets management. The system will be used in two Neighbourhood Elderly Centres and their sub-bases, benefiting 40 staff members and 3 500 service users and their families. 此項目旨在提升現有 iSocial 系統，增強個案、財務、人力資源及數碼資產管理功能。升級後的系統將於兩個長者鄰舍中心及其分處推行，惠及 40 名員工和 3 500 名服務使用者及其家人。
33.	Kowloon Women's Organisations Federation Limited 九龍婦女聯會有限公司	39. Childcare Management System - After School Care Programme (ASCP) & Neighbourhood Support Child Care Project (NSCCP)	This project will digitise the manual workflows of ASCP and NSCCP into a Childcare Management System and upgrade system infrastructure for modernisation. The system will serve three offices and will benefit 400 service users. 此項目將數碼化「課餘託管服務」和「鄰里支援幼兒照顧計劃」的手動工作流程，整合為一套幼兒照顧管理系統，並升級系統基礎設施，與時並進。該系統將供三個辦事處使用，惠及 400 名服務使用者。
		40. Accounting, Bookkeeping and Inventory Management System	The project will develop a unified platform to manage finances and operations by integrating accounting processes with real-time inventory control, improving transparency in financial and supply chain activities, with strengthened security measures on protecting sensitive data. The system will be used across three offices. 此項目將開發一個統一的財務及營運管理平台，透過整合會計流程與實時庫存控制，提升財務和物料供應鏈處理的透明度，並加強保安措施以保護敏感資料。該系統將供三個辦事處使用。

34.	Kwun Tong Methodist Social Service 循道衛理觀塘社會服務處	41. Revamp of Agency Website	This project is to enhance the privilege control of the content management system of the existing agency website. The revamped website will be mobile-friendly and offer e-book and social media plug-ins. The website will serve 15 000 service users / volunteers / public. 此項目旨在提升機構現有網站的內容管理系統的權限控制功能。改良後的網站將支援行動裝置，並提供電子書及社交媒體插件。該網站將可供 15 000 名服務使用者／義工／公眾人士使用。
		42. Development of On-site Pre-school Rehabilitation Services (OPRS) Case Management System	This project involves the implementation of a computer system to streamline service coordination, centralise case-related information, automate administrative tasks and maintain record standardisation, in order to enhance efficiency and accuracy, as well as communication with stakeholders. The new system will facilitate the work of 40 staff members who are working in the OPRS unit. 此項目將建立一套電腦系統，以簡化服務協調程序、集中處理個案相關資訊、自動化行政工作及確保紀錄採用一致標準，從而提高效率與準確性，並改善與持份者的溝通。新系統將有助到校學前康復服務單位的 40 名員工的工作。
		43. Re-development of Financial Management System	This project is to develop a new Financial Management System that streamlines the administrative procedures and enhance automation in financial management. The project will benefit over 200 staff members. 此項目旨在開發一套新的財務管理系統，以精簡行政程序及加強財務自動化管理。項目將惠及超過 200 名員工。

35.	Kwun Tong Resident Association 觀塘民聯會	44. Human Resource Management System (HRMS)	This project is to implement a centralised HRMS to streamline staff management and automate HR processes relating to recruitment, onboarding, attendance, leave, performance appraisal, and payroll tracking. The system will be used across two offices. 此項目旨在推行一套中央人力資源管理系統，以簡化員工管理，並將招聘、入職、考勤、休假、表現評核及薪酬追蹤等人力資源工作流程自動化。該系統將供兩個辦事處使用。
36.	Lok Chi Association Limited 樂智協會有限公司	45. Redevelopment of Integrated Social Management System (ISMS)	This project aims to redevelop the present ISMS to enhance the daily operations on case and human resource management, and facilitate the use of different types of electronic payment by service users. The new system will be used in two service units, benefiting 500 staff and over 1 500 service users and volunteers. 此項目旨在重建現有的綜合社會管理系統，以提升個案及人力資源管理的日常運作，同時方便服務使用者使用各類電子支付。新系統將於兩個服務單位推行，惠及 500 名員工和超過 1 500 名服務使用者及義工。
37.	Methodist Centre 循道衞理中心	46. Revamp Finance System (Core Finance System + Procure-to-pay System)	This project is to redevelop a new web-based finance system to streamline financial operations, enhance data accuracy, and provide financial analytics and comprehensive reports to facilitate financial planning and decisions. Furthermore, it will digitalise the current manual procurement processes to improve the operation efficiency and strengthen the payment control. The system will be implemented in 22 service units, benefiting over 250 staff members. 此項目旨在重建全新的網上財務系統，以簡化財務運作、提升數據準確度，並提供財務分析及綜合報告，協助員工作出財務規劃及決策。此外，

			項目將現時的人手採購流程數碼化，以提升運作效率及加強付款控制。新系統將於 22 個服務單位使用，惠及超過 250 名員工。
38.	Mental Health Association of Hong Kong (The) 香港心理衞生會	47. Enterprise Resource Planning (ERP) system	This project is to develop a web-based system to automate the workflow of existing manual process on procurement and replace the existing simple accounting system. Major functions include budget management, procurement with approval workflow management, business intelligence tools and mobile apps module, etc. Security measures will be in place to safeguard access to the restricted data and personal data stored in the system. The system will be implemented across 50 service units, serving over 500 staff members. 此項目旨在建立一套網頁版系統，以自動化現時以人手操作的採購流程，並取代現有簡易的會計系統。項目的主要功能包括預算管理、採購審批流程管理、商業智能工具及手機程式模組等，同時加設保安措施評估，以確保系統內限閱資料及個人資料的存取安全。新系統將於 50 個服務單位推行，供逾 500 名員工使用。
		48. Human Resources Information System	This project is to develop a web-based system to streamline the procedure for payroll, leave and employment record. Furthermore, security measures will be implemented to protect access to restricted and personal data stored in the system. The system will be implemented across 50 service units, serving over 900 staff members. 此項目旨在開發一套網頁版系統，以簡化薪酬、休假及人事檔案的管理流程，同時加設保安措施評估，以確保系統內限閱資料及個人資料的存取安全。新系統將於 50 個服務單位推行，供逾 900 名員工使用。

39.	Mother's Choice Limited 母親的抉擇	49. Organisation-wide Infrastructure Security Risk Assessment and Audit	This project is to assess the overall information security level of the organisation's IT infrastructure by evaluating the security risks of common information systems and data in the organisation. This project will cover the agency's four offices. 此項目旨在通過評估機構常用資訊系統及資料的保安風險，全面評估機構資訊科技基礎設施的整體資訊保安水平。此項目將涵蓋機構轄下四個辦事處。
40.	Neighbourhood Advice-Action Council (The) 鄰舍輔導會	50. Accounting & Financial System Revamp – Enterprise Resource Planning Solution	This project is to implement a system to streamline financial operations, budgeting and requisition approval processes, and to provide comprehensive reports to facilitate financial planning, as well as to ensure the timely and accurate provision of financial data for analysis and business decision-making. The system will be used by 400 staff members in 81 units. 此項目旨在開發一套系統，以簡化財務運作、預算編制及申領款項審批流程，並提供完整報表以協助進行財務規劃，同時確保及時並準確地提供用於分析與業務決策的財務數據。該系統將供 81 個單位的 400 名員工使用。
41.	New Life Psychiatric Rehabilitation Association 新生精神康復會	51. Re-development of the existing Human Resource (HR) Management System	This project focuses on redeveloping the obsolete HR Management System to enhance the efficiency of HR administration by streamlining human resource processes, automating operational procedures, and ensuring compliance with the latest labour legislation requirements.　The new system will be deployed across 32 service units, benefiting 1 600 staff members. 此項目集中重建過時的人力資源管理系統，透過簡化人力資源流程、自動化運作程序，以及確保符合最新的勞工法例要求，提升人力資源管理效率。新系統將供 32 個服務單位使用，惠及 1 600 名員工。

42.	Tai Hang Residents' Welfare Association 大坑坊眾福利會	52. Re-development of the Customer Relationship Management (CRM) System	This project introduces a CRM System to digitalise membership and activity management, streamline manual and paper-based processes to enhance operational efficiency and improve service delivery. It will also include upgrading Information Technology facilities to ensure compatibility and data security. The system will be used by staff of the Tai Hang Youth Centre. 此項目引入客戶關係管理系統，將會員及活動管理數碼化，簡化人手及紙本流程，以提升運作效率及服務質素。項目亦包括提升資訊科技設施，以確保兼容性及數據安全。升級後的系統將供大坑青年中心的員工使用。
43.	The Free Methodist Church of Hong Kong 香港循理會	53. FMC Wong Tai Sin Elderly Center Management System Redevelopment	This project is to redevelop the existing Neighbourhood Elderly Centre Management System that optimises data management, improve operational efficiency, enhance service delivery and strengthen system security. The system will be used across two offices to serve 2 000 service users. 此項目旨在重新開發現有的長者鄰舍中心管理系統，藉此優化數據管理、改善運作效率、提升服務提供及加強系統安全。該系統將供兩個辦事處使用，惠及 2 000 名服務使用者。
44.	Tsung Tsin Mission of Hong Kong Social Service (The) 基督教香港崇真會社會服務部	54. Redevelopment of Neighbourhood Elderly Centre System	This project is to redevelop an integrated Neighbourhood Elderly Centre System that will optimise membership registration, payment transactions and administrative workflows through a computerised system. The system will be implemented across two units and used by 2 400 service users. 此項目旨在重新開發一套綜合長者鄰舍中心系統，透過全面電腦化，優化會員註冊、繳費交易及行政工作流程。該系統將於兩個單位推行，供 2 400 名服務使用者使用。

| 45. | Tung Wah Group of Hospitals 東華三院 | 55. Enhancement of the TWGHs eHOMES to Support TWGHs Residential Care Homes under the Government's "eHealth+ eMedication Data Download" Project | This project is to enhance the existing TWGHs eHOMES, including the Elderly Homes One-Stop Management Electronic System (eHOMES) and the Electronic Homes System – Rehabilitation Services, to support eMedication data download under the "eHealth+" programme.   The enhanced system will be implemented in 53 residential care homes for the elderly and residential care homes for persons with disabilities, benefiting over 3 000 service users.

此項目旨在提升現有的東華三院安老院舍管理系統(包括「安老院一站式電子管理系統」及「院舍管理系統(復康服務)」)，以支援「醫健通+」計劃下的電子藥物資料下載功能。經優化的系統將在 53 所安老院及殘疾人士院舍推行，惠及超過 3 000 名服務使用者。 |
| | | 56. On-site Pre-school Rehabilitation Services (OPRS) eSystem | This project involves the development of a new OPRS case management system with centralised digital data for case management and report generation. It will also feature an interactive mobile application to facilitate communication with parents and partner schools.   The system will be used by six OPRS teams and benefit over 2 000 service users.

此項目將開發一套新的到校學前康復服務個案管理系統。該系統會以集中的電子數據管理個案及編製報告。項目亦會推出互動手機程式，藉此促進與家長及合作學校的溝通。新系統會供六支到校學前康復服務隊使用，惠及超過 2 000 名服務使用者。 |
