INTRODUCTION

The Traffic Accident Victims (Assistance Fund) Ordinance, Cap. 229 of the Laws of Hong Kong, provides for the creation of a fund for assisting traffic accident victims and their dependants, the charging of levies and for purposes connected therewith.

2. In accordance with Section 4 of the Ordinance, the Traffic Accident Victims Assistance (TAVA) Scheme came into operation on 1 May 1979 under the administration of the Social Welfare Department (SWD). It aims at providing speedy financial assistance to road traffic accident victims (or to their surviving dependants in cases of death) on a non-means-tested basis, regardless of the element of fault leading to the occurrence of the accident. Payments are made for personal injuries, while loss of or damage to property is not covered. Beneficiaries under the Scheme still retain the right to make claims for damages or compensation from other sources in the usual way. Those who receive damages or compensation in respect of the same traffic accident are required to repay the amount of assistance they have already received from the Scheme, but in any case the amount to be repaid shall not exceed the amount of damages or compensation awarded, as specified under Section 10 of the Ordinance.

3. Section 11 of the Ordinance requires the Director of Social Welfare to prepare and the Director of Audit to audit a statement of accounts of the Fund for each period of 12 months ending on 31 March. It also specifies that a copy of the audited statement of accounts together with the Director of Audit's report, if any, and a report by the Director of Social Welfare on the administration of the Fund during the period covered by the audited accounts, shall be laid upon the table of the Legislative Council.

4. This report describes the administration of the TAVA Fund and the operation of the TAVA Scheme for the year ended 31 March 2020.

THE FUND

5. The TAVA Fund is administered by the Director of Social Welfare Incorporated.
6. The income of the Fund consists of:
 - levies on the licensing fees of motor vehicles, trade licences, light rail vehicles, tramcars, trailers drawn by tramcars, government vehicles, and on driving licence fees including learner's driving licences, temporary driving licences and permits to drive government vehicles;
 - refunds from beneficiaries;
 - such sums as may from time to time be voted by the Legislative Council for the purpose; and
 - interest and other income derived from the money and investments comprising the Fund.
7. Payments made from the Fund include:
 - monies payable to traffic accident victims and their dependants under the TAVA Scheme;
 - any refund of levies in respect of motor vehicles, trade licences, light rail vehicles, tramcars or trailers; and
 - the administration cost of the Fund.

ELIGIBILITY AND UNDERTAKING

Eligibility Criteria

12. Eligibility for assistance under the TAVA Scheme depends on the following criteria:
- the accident falls within the scope of the Traffic Accident Victims (Assistance Fund) Ordinance and has been reported to the Police;
 - the victim died from the accident or the injury sustained by the victim gave rise to at least three days' hospitalization or sick leave as certified by a registered medical practitioner;
 - the application for assistance is made within six months after the date of the accident; and
 - the victim is a person having the right to remain in Hong Kong or being permitted to remain in Hong Kong under the Immigration Ordinance, Cap. 115, and he/she is not in contravention of a limit of stay (if any) in force against him/her at the time of the accident.

Undertaking

13. As required by Section 9 of the Traffic Accident Victims (Assistance Fund) Ordinance, the applicant has to sign an undertaking, as a condition of payment of assistance under the Scheme, whereby he/she must:
- notify the Director of Social Welfare of the making of any claim by him/her for damages or compensation from other sources in respect of the same traffic accident (such notification should be given within 30 days from the date of making such claim); and
 - notify any person, against whom he/she has made a claim for damages or compensation in respect of the same traffic accident, of the date and amount of payment he/she has received from the Fund (such notification should be given in writing within seven days from the date of making such claim).

APPLICATIONS AND CASELOAD

Application Procedures

14. Applications for assistance can be made by fax, by post, by e-mail or in person. Application forms are available at the Accident Investigation Teams of the Hong Kong Police Force, District Offices of the Home Affairs Department, Police posts at the Accident and Emergency Departments of hospitals under the Hospital Authority, the TAVA Section and the SWD homepage at <http://www.swd.gov.hk>.

15. Under normal circumstances, the police officer who investigates a traffic accident will introduce the Scheme to the victim or his/her next-of-kin. In the case of serious traffic accidents, staff of the TAVA Section will take the initiative to contact the victims or their dependants to assist them to apply for assistance at an early date.

16. An application for assistance is considered to have been formally made only when it is received by the SWD.

17. Unless prevented by special circumstances or immobility, the applicant will be required to attend an interview at the TAVA Section. He/she is responsible for producing evidence in support of his/her claim of temporary incapacity for work or any permanent disability resulting from his/her injuries sustained in the traffic accident. With the applicant's consent, medical examinations and reports may be arranged with the Hospital Authority/Department of Health for the purpose of assessing his/her eligibility for assistance.

18. To guard against fraudulent claims, doubtful medical certificates/reports provided by the applicant will be referred to the Hospital Authority/Department of Health for re-assessment. The TAVA Section will also refer doubtful cases to the Police for in-depth investigations.

19. As an additional measure to prevent fraud and abuse of the Scheme, standard forms for reporting suspected fraud cases by members of the public are obtainable at public housing estate offices and other government offices. Alternatively, these forms can be downloaded from the SWD homepage (see paragraph 14 above).

Number of Applications

20. During the year, 9 342 applications were received. This represents an increase of 10.1% over the previous year (8 483 in 2018-19). A chart showing the application trend of the Scheme since 1979 is at Appendix I.

Application Rate

21. According to the figures provided by the Commissioner of Police, the number of reported traffic casualties decreased by 3.7% over the previous year. As for the rate of application for TAVA, it was increased from 42.6% to 48.7%. The table below shows the application rate:

PAYMENTS

Basis of Payments

26. The levels of assistance are assessed on the basis of the payment schedule for death or personal injury under the Emergency Relief Fund, which is subject to periodic revision. The payment rates were last revised on 1 April 2019 (see Appendix II).

Payment of Assistance

27. Five types of grants are payable under the Scheme. A breakdown by type of grant of the beneficiaries' total entitlements during the year is provided below:

Beneficiaries' total entitlements 2019-20		
Types of grants	\$Mn	%
Burial grant	0.7	0.2
Death grant	2.8	0.9
- loss of sole wage earner	0.9	0.3
- loss of one of the wage earners	1.9	0.6

Note

- BG** Burial grant
- DG** Death grant
 - loss of sole wage earner
 - loss of one of the wage earners

- IG** Injury grant
- DiG** Disability grant
- IMG** Interim maintenance grant

28. As shown in paragraph 27 above, the total amount of the beneficiaries' entitlements during the year amounted to \$297.0 million. By virtue of the statutory refund provision, a total amount of \$4.8 million received by a number of victims as periodical payments under the Employees' Compensation Ordinance and compensation from other sources was deducted from their entitlements. The net amount of assistance authorized for payment was \$292.2 million. The actual amount of assistance paid increased by 3.6% from \$280.2 million in 2018-19 to \$290.4 million. The difference between the amount authorized and the actual amount paid was due to the time gap between authorization and payment of assistance.

Serious Traffic Accidents

29. The TAVA Section processed 71 serious traffic accident cases during the year. The accident resulting in the largest number of victims occurred on 18 December 2019 where a bus rammed into barriers and trees in Fanling Highway. 58 victims were involved in the accident. Out of 58 applications, 40 cases were processed as at 31 March 2020.

The Highest Award

30. The highest award of the year was \$271,650 for a victim of a serious injury case.

Methods of Payment

31. Payment is normally credited to an applicant's designated bank account. Under special circumstances, payment can be made by crossed cheque or by special delivery of cash to the applicant.

Speed of Payment

32. The time span for processing a case depends very much on the caseload during the year, the complexity of the cases, and such other factors as the availability of evidence, the time needed for medical authorities to assess the victims' degree of injury and disability, and the readiness of related parties (e.g. the employer concerned) to respond to enquiries.

33. The TAVA Section pledges to issue payment to successful new applications within seven working days after completion of investigation and authorization. This year's achievement rate was 100%, against the performance target of 95%.

REFUNDS

Statutory Refund Requirement

34. Section 10 of the Traffic Accident Victims (Assistance Fund) Ordinance stipulates that where as a result of any traffic accident, damages or compensation are paid to any person who has received money from the Fund, the person receiving the damages or compensation shall repay to the Fund the amount of money paid from the Fund. However, in any case the amount to be repaid shall not exceed the amount of damages or compensation received.

Refund Cases

35. During the year, there were 1 729 cases in which claims for damages or compensation were successful. The claimants were required to reimburse part or all of the payments from the Fund. The position as at the end of the year was as follows:

(c) No. of outstanding cases [(a) – (b)]	61	7	68 (83)
			
(d) Amount to be refunded	\$78.7 Mn	\$0.7 Mn	\$79.4 Mn (\$89.6 Mn)

36. The following table shows the amount of reimbursement in relation to the total amount of beneficiaries' entitlements under the Scheme:

APPEALS

Right of Appeal

39. Where a person is not satisfied with the decisions of the SWD in respect of his/her application for TAVA, he/she may lodge an appeal with the Social Security Appeal Board in writing within the respective time limits (details at Appendix III). The Social Security Appeal Board is an independent body comprising non-officials appointed by the Chief Executive to handle social security appeals. Applicants/beneficiaries are informed of their rights of appeal in the information pamphlets issued by the TAVA Section and in the letters of notification of decision sent to them.

Appeal Cases

40. As at 31 March 2020, two appeals were received, which were dismissed by the Social Security Appeal Board.

PUBLICITY AND LIAISON

Publicity

41. Both information pamphlets and leaflets of the Scheme are available at the Accident Investigation Teams of the Hong Kong Police Force, District Offices of the Home Affairs Department, Police posts at the Accident and Emergency Departments of hospitals under the Hospital Authority and the TAVA Section where application forms can be obtained. Members of the public can also obtain information about the Scheme from the SWD homepage (see paragraph 14 above).

Liaison

42. Regular contact and close co-ordination were maintained with the Hong Kong Police Force, Department of Health, Department of Justice, Legal Aid Department, Labour Department, Judiciary, Hospital Authority, and other related bodies to ensure the smooth operation of the Scheme.

Welfare Referrals

43. Where an applicant is found to be in need of other welfare services (for example, family and marriage counselling, psychiatric assistance), subject to the applicant's consent, the TAVA Section will make referrals to other service units or other departments/organizations for appropriate assistance.

FINANCIAL POSITION

Audited Statement of Accounts

44. The audited statement of accounts of the Fund for the year, including the Balance Sheet and the Receipts and Payments Account, is shown at Appendix IV.

45. There was an outstanding liability of \$15.1 million on the Fund, representing the total amount involved in cases where assistance had been authorized but payment was still outstanding as at 31 March 2020.

46. The interest receivable amounted to \$13.1 million as at the end of the year.

Contribution from Government

47. At the time of preparing the annual estimates, the “contribution from government” was estimated on the basis of 25% of the total levies expected to be collected for the year.

Accumulated Surplus of the Fund

48. The accumulated surplus brought forward from 2018-19 was \$1658.1 million. For 2019-20, the surplus was \$77.5 million. The accumulated surplus as at 31 March 2020 was \$1735.6 million.

Long Term Financial Position

49. Based on the 10-year financial projection of the Fund, the Fund is expected to be financially sustainable. The projection assumes that there will be an increase of 3.07% in payment per annum and that the present rates of levies on vehicles and driving licences (which were last revised in 1995) will remain unchanged (Note). The TAVA Advisory Committee keeps a close watch on the financial position of the Fund.

Note

The annual levies on vehicle licences and driving licences have remained at \$114 and \$38 respectively, since the last revision on 1 January 1995.

Audit Commission

The Government of the Hong Kong Special Administrative Region

Independent Auditor's Report To the Legislative Council

Opinion

I certify that I have audited the financial statements of the Traffic Accident Victims Assistance Fund set out on pages 4 to 8, which comprise the balance sheet as at 31 March 2020, and the receipts and payments account for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements of the Traffic Accident Victims Assistance Fund are prepared, in all material respects, in accordance with section 11(1) of the Traffic Accident Victims (Assistance Fund) Ordinance (Cap. 229).

Basis for opinion

I conducted my audit in accordance with section 11(3) of the Traffic Accident Victims (Assistance Fund) Ordinance and the Audit Commission auditing standards. My responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of my report. I am independent of the Traffic Accident Victims Assistance Fund in accordance with those standards, and I have fulfilled my other ethical responsibilities in accordance with those standards. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Director of Social Welfare Incorporated for the financial statements

The Director of Social Welfare Incorporated is responsible for the preparation of the financial statements in accordance with section 11(1) of the Traffic Accident Victims (Assistance Fund) Ordinance, and for such internal control as the Director of Social Welfare Incorporated determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Director of Social Welfare Incorporated is responsible

for assessing the Traffic Accident Victims Assistance Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's responsibilities for the audit of the financial statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Audit Commission auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Audit Commission auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Traffic Accident Victims Assistance Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Director of Social Welfare Incorporated; and
- conclude on the appropriateness of the Director of Social Welfare Incorporated's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Traffic Accident Victims Assistance Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Traffic Accident Victims Assistance Fund to cease to continue as a going concern.

My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Traffic Accident Victims Assistance Fund to cease to continue as a going concern.
