Introduction

Five Specialised Co-parenting Support Centres (SCSCs) are set up across the territories to provide one-stop child-focused co-parenting support services for separated/divorcing/divorced parents and/or their children. The SCSCs assist the parents to carry out parental responsibilities under the separation/divorce and family change to promote their healthy growth and development.

Objectives

- Facilitate the separated/divorcing/divorced parents to formulate and implement the child(ren)'s care and contact arrangement and carry out child-focused parental responsibilities more effectively;
- Enhance the children's ability in coping and adapting to parental separation/divorce and family changes for their healthy development;
- Provide a safe, conflict-free contact opportunity for children and parents and/or significant others; and
- Promote parental responsibility.

Service Scope

- Provide co-parenting counselling and parenting coordination service (formulate and implement the child(ren) care and contact arrangement), structured parenting groups/programmes/workshops to parents;
- Provide children contact service including supervised contact/supervised exchange between the children and their non-residing parents and/or significant others;
- Provide children with child-focused intensive counselling/groups/programmes; and
- Promote parental responsibility through education/publicity activities.
