

Arts Development Fund for Persons with Disabilities

Guide to Application for a Grant from the Fund

Ambit of the Arts Fund

The Arts Development Fund for Persons with Disabilities (Arts Fund) has been set up to subsidise eligible organisations for organising various time-limited arts programs or activities for persons with disabilities (PWDs). The Arts Fund is administered by the Secretariat of the Arts Fund by Social Welfare Department (SWD), and advised by a management committee (MC). The objectives of setting up the Arts Fund are to enhance arts knowledge of PWDs, foster their interests in arts and explore their potential through the provision of elementary and continuing arts programmes and help PWDs who have great artistic potential to strive for excellence and develop their career in performing, visual and creative arts.

Tiers of Arts Fund Projects

2. There are the following two tiers of projects under the Arts Fund -

(a) **Tier One: Promotion of Elementary and/or Continuing Arts Programmes**

The Arts Fund will provide funding support for applicants to organise elementary and/or continuing arts programmes/training classes or courses for PWDs, so as to give them opportunities to participate in arts and unleash their potentials in this area. The Arts Fund will also support applicants to hire professional arts tutors, enhance logistic and technical support so as to provide continuing training for PWDs who have potential to nurture their arts talents. The grants for Tier One projects will also cover public education programmes to promote the arts talents of PWDs and social inclusion.

(b) **Tier Two: Development of Talents and Careers in the Arts**

The Tier Two programme aims to provide funding support to applicants for

organising large-scale, impactful and sustainable projects which focus on developing potentials of talented PWDs for their career development. This kind of projects will require longer time of continuous training to develop the talents of PWDs with potential in arts. The Arts Fund will provide funding support for applicants to develop individual PWDs with great artistic potential to pursue their career in performing, visual or creative arts and to enable them to strive for excellence. Funding support will cover professional guidance and training. In addition, the Tier Two projects encompass the organisation of district-based and/or territory-wide programmes to showcase PWDs with great artistic potentials through large-scale performances after a period of professional guidance or training funded by the Arts Fund.

Assessment Criteria

3. Applications for the Arts Fund are governed by the rules and procedures. Grantees are expected to establish a mechanism for providing structured and ongoing training for PWDs to develop their arts talents through organising the funded activities or training programmes. There are two tiers for the grants –

(a) Tier One: Promotion of Elementary and/or Continuing Arts Programmes

4. Subject to assessment, grants will be provided for applicants to implement Tier One projects for a maximum of 18 months with a maximum grant of \$0.75 million per project. The support-worthiness of the projects will be assessed based on the following criteria –

- i. whether the proposal is non-profit making in nature;
- ii. whether the proposal meets the purpose of cultivating the interests and potential of PWDs in arts development and develop their talents in arts;
- iii. whether the proposal is feasible and cost-effective including the reasonableness of the budget;
- iv. whether the proposal brings benefits to the promotion of inclusive arts development and social inclusion in the community; and

- v. whether the applicant is capable in implementing the proposal including its management structure, financial viability, experience and track record.

(b) Tier Two: Development of Talents and Careers in the Arts

5. Since the Tier Two project is targeted to enable PWDs to develop and consolidate their capabilities in career pursuits in arts, each proposal shall last for a minimum of two years up to three years with a budget over \$0.75 million. The amount of grant is subject to assessment and deliberation of MC. Part or whole of the net approved project cost after deducting the expected revenue from the project may be covered by this grant. In addition to the assessment criteria in paragraph 4, additional assessment criteria include:-

- i. whether the proposal is feasible in achieving the purpose of developing and sustaining the talents of PWDs in arts with potentials for career development;
- ii. whether the programme structures and contents are comparable with the similar training courses/programmes in the market;
- iii. whether the provision of professional guidance is reasonable;
- iv. whether the component of providing training for professional arts instructors/tutors on understanding of the special learning needs of persons with disabilities is appropriately incorporated in the proposal; and
- v. whether the programmes are well planned and implemented for demonstrating the talents and achievements in arts through district-based and/or territory-wide programmes;
