1.1 Background

1.1.1 The Chief Executive of the Hong Kong Special Administrative Region (HKSAR), in the 2005 Policy Address, announced the setting up of the Partnership Fund for the Disadvantaged (the PFD) to promote tripartite partnership among the welfare sector, the business community and the Government to help the disadvantaged. Since 2005, the Government has injected a total of \$1.2 billion. Apart from a commitment of around \$800 million for the “Regular Portion (RP)” of the PFD to help the disadvantaged, a total of around \$400 million has been earmarked as “Dedicated Portion (DP)” under the PFD. Since its launching in 2015, the DP has encouraged the business sector to work with non-governmental welfare organisations (welfare NGOs) and schools to implement more after-school learning and support programmes for primary and secondary students from grassroots families to facilitate their whole-person development. Out of the total commitment of \$1.2 billion, \$1.19 billion is for the matching grant portion, and \$10 million is for the support measure portion^{Note 1}.

1.1.2 Under the PFD, the Government provides matching grants having regard to the donations made by business organisations to support applicant organisations in running social welfare projects. The Advisory Committee of the PFD (the Advisory Committee), comprising non-official members from the welfare, business and academic sectors, was set up in 2005 to give advice on the approval of applications and matters relating to the operation of the PFD.

1.2 Objectives of the PFD

1.2.1 The PFD aims to:

- (a) incentivise the welfare sector to expand their network in seeking and securing corporate participation; and

^{Note 1} Upon establishment of the PFD in 2005, an amount of \$10 million from the fund has been set aside for various support measures, such as publicity and evaluation, with a view to promoting tripartite partnership.

- (b) encourage the business sector to take up more corporate social responsibility for creating a cohesive, inclusive and caring society.

1.2.2 In meeting these objectives, applicant welfare NGOs are required to obtain donations from business corporations, and ensure that the donations are used in programmes serving the disadvantaged.

1.3 Provision of the PFD

1.3.1 The PFD provides matching grants for applicant welfare NGOs in accordance with the contributions from business corporations, in cash and/or in kind, on a dollar-to-dollar matching basis. The matching grants are one-off in nature and applicant welfare NGOs will have to absorb the financial consequences, if any, after using up the grants from the PFD.

1.4 Launching of the PFD

1.4.1 The funding is allocated in different rounds until depletion of the PFD. The Eighteenth Round Regular Portion is now open for application. Applicant welfare NGOs can submit proposals from 19 December 2024 to 31 October 2025. The PFD Secretariat will process and grant approval to the applications in two periods in accordance with the chronological order that the applications are received. The application period for Period 1 is from 19 December 2024 to 30 May 2025 while the application period for Period 2 is from 19 December 2024 to 31 October 2025.

2.1 Eligible applicants

2.1.1 Bona-fide charitable **welfare** NGOs having tax-exempted status under Section 88 of the Inland Revenue Ordinance (Cap. 112)^{Note 2} may apply for matching grants from the PFD.

2.1.2 The applicant must prove it is financially sound and capable to deliver the proposed project by submitting documents and information in the application and upon request of the Secretariat.

2.2 Project proposals to be accepted for consideration

2.2.1 Project proposals meeting the following basic requirements may be considered for matching grants from the PFD:

- (a) the project proposal shall be an initiative in support of the Government's welfare policy but shall not receive duplicate funding support from the Government in any form before, during and after project implementation (e.g. being supported under a "Funding and Service Agreement" with the Social Welfare Department (SWD), being a service contract awarded by SWD, or being supported by any other public funds such as the Lotteries Fund, Community Investment and Inclusion Fund, Enhancing Self-Reliance Through District Partnership Programme, School-based After-school Learning and Support Programmes, Life-wide Learning Grant, etc.);
- (b) the project proposal shall be delivered in Hong Kong to provide services, programmes and activities which will benefit directly the welfare of the underprivileged persons/groups of Hong Kong such as people with disability, elderly people in need of social support, low-income families, family members of family violence/abuse cases, etc.;

^{Note 2} For the list of charitable institutions and trusts of a public character which are exempt from tax under Section 88 of the Inland Revenue Ordinance (Cap. 112), please refer to the Homepage of the Inland Revenue Department at the following link: http://www.ird.gov.hk/eng/tax/ach_index.htm. Of these Section 88 organisations, only those providing welfare services are eligible to apply.

- (c) the donations shall be made by registered business corporations operating business in Hong Kong or charitable trusts/foundations which are established and managed by such business corporations. Donations from professional associations and religious bodies, contributions from charitable trusts/foundations not established and managed by the business corporations (or without the source of funding from business corporations) and funds under the management of government departments/public bodies will not be accepted;
- (d) the project proposal shall include a donation by business corporations in cash, in kind or a combination of the two. Contribution to service is encouraged but will not be counted for allocation of matching grant from the PFD because this may affect the development of corporate volunteering work;
- (e) the applicant welfare NGO has to obtain and confirm the committed business donation(s) for the project proposal in the application. Donation(s) received by the applicant welfare NGO should not be earlier than one year before the launching of the Eighteenth Round Application, which means only donation(s) received on or after 19 December 2023 will be counted for the purpose of matching to the PFD in the Eighteenth Round Application;
- (f) the project proposal or any part of the programme seeking a matching grant from the PFD shall not start before approval of the matching grant is given;
- (g) the project proposal shall not include self-financing projects as they are already operating in a cost recovery mode through fee charging; and
- (h) any requirement from the business corporations in relation to their donations must not be in conflict with the objectives and guidelines of the PFD. Donations shall not come from corporations running business in connection with smoking.

2.3 Guidelines for assessing applications

2.3.1 The following guidelines will be adopted in assessing applications:

- (a) priority consideration will be given to applications which are:
 - (i) in pursuit of 4“E”s, namely Enhancement of quality of life, Employment/Skill development, Empowerment and Exclusion prevention;
 - (ii) with output and outcome evaluation with measurable indicators;
 - (iii) with promising sustainability and strategic partnerships with the business corporations as wider participation and support from the business sector, e.g. involvement of business partners and active participation of corporate volunteers, is essential to the successful implementation and continuity of the project initiative;
 - (iv) with elements of early intervention and preventive measures targeting a social problem. Proposals with strategic plan to reach and provide support and services for a reasonable number of disadvantaged persons such as hidden elderly persons, low-income families, children living in inadequate housing, ethnic minority families, non-engaged youths, unemployed able-bodied and persons affected by local economic downturn will carry more weight in the selection; and
 - (v) demonstrative of the initiatives of the applicant welfare NGO in rendering appropriate services to meet the changing needs of the target groups and expand their social partnership;
- (b) low priority will be given to the project proposal seeking funding to upgrade facilities and/or purchase equipment, or the related proportions of the funding sought will be heavily cut so that the PFD may benefit the disadvantaged more directly;
- (c) a project proposal that does not address the welfare needs of underprivileged persons/groups of Hong Kong such as medical service, environmental protection programme, education service, etc. may not be considered;

- (d) the proposed expenditure should contribute to the direct benefit of the service users as far as possible, unless with acceptable justifications;
- (e) applications with the same substance as other previously approved projects may not be considered unless a new service component, which may include new service elements, new service scope, new target clientele, or new geographical coverage, has been added. Application with proven outcome and/or output effectiveness may be allowed to repeat only once;
- (f) business corporations are encouraged to contribute as much as possible rather than being constrained by the ceiling of the matching grant from the PFD for each application;
- (g) business contributions in kind and used in the project proposal will be translated into monetary value for the purpose of allocation of matching grants. Applicant welfare NGOs are required to provide quotations as stated in paragraphs 3.2.2 to 3.2.3 of this Guide if the donated items are not on the designated list^{Note 3}. Only new and saleable items currently available in the market which are of use or benefit to the disadvantaged under the project proposal would be counted for allocation of matching grants;
- (h) joint applications with more than one applicant welfare NGO or joint contributions with more than one business corporation in respect of the same application may be accepted. In such cases, a principal applicant welfare NGO shall be responsible for the application and comply with all the conditions of the grant;
- (i) **any project staff hired is required to devote a considerable number of hours of direct services to service beneficiaries. Staff training and train-the-trainer programmes will be accorded low priority. Staff costs, upon taking into account the nature of the project, the nature and number of sessions/hours of tasks involved, the required qualification and experience of the staff, the market rate**

Note 3 The designated list refers to the “Government’s Price List of Common Furniture and Equipment” (the List) as stated in paragraph 3.2.1 of this Guide.

of similar jobs, and any other duties, knowledge and skills required of the staff, may be considered up to 50% of the total budget of the project proposal, and up to 70% of the total budget of the project proposal for a manpower intensive programme/ activity; and

- (j) the administration overheads (including audit fee) may be considered up to 10% of the total budget of the project proposal in accordance with the operational needs of the project. Administration overheads will cover staff providing administrative support to the project; all service planning and management, coordination and quality assurance of the project; human resource management; accounting management and financial monitoring; risk management, internal audit and compliance; public relations, partnership, corporate communication and publicity; office/project venue, equipment and facilities, and consumables; and information technology facilities and support.
- (k) transfer of unspent staffing cost and administration overheads to programme expenses is allowed, but not vice versa (i.e. transfer of unspent programme expenses to staffing cost or administration overheads is not allowed).

3.1 Allocation of the matching grant

3.1.1 Subject to availability of funds and approval of the budget of the project proposals, the Government will provide grants for the applicant welfare NGOs in accordance with donations made by business corporations on a matching basis. Taking into consideration the local economic downturn and its impact on the disadvantaged, the allocation of grant for each approved project proposal under the Eighteenth Round Regular Portion will continue to be capped at a maximum of **HK\$3 million**. There is no limit to the amount of contribution from the business corporations.

3.1.2 Contributions in cash will be matched on a dollar-to-dollar basis. For contribution in cash, only cash, cheque, cashier's order and bank transfer are accepted. For contributions in kind, items may include but are not limited to equipment, tools, supplies and products^{Note 4}, etc. They should be translated into monetary value as stated in paragraphs 3.2.1 to 3.2.3 of this Guide for matching purpose and items should be of use or benefit to the disadvantaged and used in the project proposed.

3.1.3 Each applicant welfare NGO is allowed to submit and may be approved of a maximum of five applications for the Eighteenth Round Application provided that they can demonstrate the ability to deliver all the projects within the specified period of time.

3.2 Translation of contribution in kind to monetary value

3.2.1 Reference should be made to the Government's Price List of Common Furniture and Equipment (the List) for the monetary value of the contributions in kind. The link to the List is available on the SWD Homepage (<http://www.swd.gov.hk/en/index/>) → NGO Corner → Lotteries Fund:

<https://www.swd.gov.hk/en/ngo/lotteriesf/index.html>

Note 4 Except non-merchandised product or any supplies lacking market provision which cannot be translated into monetary value for the purpose of allocation of matching grants.

3.2.2 If the contribution in kind is not on the List, applicant welfare NGOs are required to provide written quotations in the applications for valuation of the contribution in kind as follows:

Total value of single item	Quotation requirements
(a) Not exceeding \$50,000	Applicant welfare NGO should obtain at least two written quotations
(b) Exceeding \$50,000	Applicant welfare NGO should obtain at least five written quotations

3.2.3 All the written quotations provided should be certified by the Head of applicant welfare NGO as i) being genuinely obtained from market and ii) not being provided by the supplier or associated company of the business corporation offering contribution in kind to avoid any conflict of interest. Written quotation with the lowest value will be referred to. If any contribution in kind claims to have some unique value, justifications for the value will be required.

3.3. Procurement of furniture and equipment, works and other services

3.3.1 If the approved projects involve furniture and equipment (F&E), works and other services, applicant welfare NGOs are required to adhere to the principles of fairness, competitiveness and transparency in procurement of products, services and hiring of staff. The applicant welfare NGOs should follow quotation and tender procedures by making reference to the Lotteries Fund Manual on the SWD Homepage at the following link (<http://www.swd.gov.hk/en/index/>) → NGO Corner → Lotteries Fund:

<https://www.swd.gov.hk/en/ngo/lotteriesf/index.html>

The applicant welfare NGOs should also conduct market research before procurement and accept the lowest offer that meets the specifications, so as to ensure all resources are utilised fairly and effectively.

3.4 Disposal of equipment and materials

3.4.1 For any equipment and materials purchased with the support of the PFD in the approved projects, the applicant welfare NGOs are required to follow the inventory and respective control procedures by making reference to the Lotteries Fund Manual. SWD reserves the right in their disposal upon completion of the projects or discontinuation of the projects^{Note 5}. Prior approval from SWD is required for any redistribution plan proposed by the applicant welfare NGOs.

5.1 Receipt of applications

5.1.1 Applicant welfare NGOs and their business partners should enter into an agreement before sending an application to SWD.

5.1.2 Acknowledgement will be sent by SWD to the applicant welfare NGO in receipt of an application.

5.2 Notification of results

5.2.1 Subject to the number of applications received and adequate information provided by the applicant, vetting will be processed upon receipt of the application. In normal circumstances, the processing of an application will require about three to four months after the Secretariat has received the completed application form with all required information and documents as well as the information as requested by the Secretariat. Applicant welfare NGOs will be notified in writing through email of the assessment results when the proposed project and the matching grant are approved. The approved project should be commenced within one year after approval of the project.

5.3 Ineligible applications

5.3.1 Late applications shall not be entertained. Applications will not be considered if they are submitted by ineligible applicants, with inadequate information provided, a conflict of interest situation giving rise to suspected risk of abuse or applicant welfare NGO failing to provide complete reply on the Secretariat's enquiries/requests on or before the deadline (normally two weeks from the date of request from the Secretariat).

5.4 Liability of applicant welfare NGOs

5.4.1 Neither the HKSAR Government, the Advisory Committee, nor SWD will have any liability for the project proposals submitted by applicant welfare NGOs or the agreement to be entered between the applicant welfare NGOs and the business corporations concerned. Applicant welfare NGOs should be wholly responsible for the costs, partnership and liability arising from planning, implementing, administering and sustaining the project as well as compliance with legal requirements applicable to the project.

5.4.2 Applicant welfare NGOs shall ensure that all information given in the application is true and accurate, including declaration and disclosure of conflict of interest. 5.5 Handling complaints against applicant welfare NGOs

5.5.1 The applicant welfare NGOs received matching grant of the PFD should have a standing guideline on handling complaints.

5.5.2 All complaints will be referred to the applicant welfare NGOs for follow up and handling except those relating to the misuse of approved matching grant or the abuse of service users in respect of which the PFD Secretariat may conduct direct investigation.

The welfare NGOs shall keep such books and records for a minimum of seven years after the end of the reporting period containing the last entry. SWD or persons authorised by the HKSAR Government shall be allowed access to such books and records for verification and copying from time to time, and the welfare NGOs shall make them available for inspection upon request.

6.4 Report on the project

6.4.1 Successful applicant welfare NGOs will be required to furnish to SWD a final evaluation report at the end of each project, or progress reports at specified intervals using the prescribed report form (the template can be downloaded from the PFD webpage in SWD Homepage). Successful applicant welfare NGOs are also required to provide reasonably adequate information to support the claim that the pledged project targets are achieved in the final evaluation report. In addition, the successful applicant welfare NGOs shall provide at least ten photos of the activities, including at least two photos with the Government logo, PFD logo or full name of PFD and project name, and a video with at least 30 seconds for the promotion of the PFD through different media and record purpose.

- (ii) the applicant welfare NGOs fail to deliver the project proposals as approved (including failure to submit any required reports before the stipulated date);
- (iii) the applicant welfare NGOs fail to obtain prior approval from SWD for any virement of the approved budget items; and
- (iv) the applicant welfare NGOs (the grantees) are in breach of the requirements of this Guide, including those set out in paragraph 4.1.2 (f) and (g), or the terms and conditions of the grant.

6.7 Visit and sharing

6.7.1 Visits to approved projects may be arranged for Members of the Advisory Committee and the staff of SWD. Successful applicant welfare NGOs will be required to assist in arranging such visits and/or sharing their experience in forming partnership with business corporations and in implementing the projects. Applicant welfare NGOs are also encouraged to invite Members of the Advisory Committee to attend programmes of their projects for promoting the tripartite partnership. Business donors are encouraged to be involved in implementation and keep track of the progress of the projects.
